25 Puzzle for SBI PO Prelims

SET-1
Directions (1-5): Study the following information carefully and answer the question given below:

Eight persons – H, I, J, K, L, M, N and O – are standing in a straight line at equidistant. Some of them are facing north while others are facing south.

M is standing third to the right to H. M is standing at one of the extreme ends. L is standing third to the left of H. The immediate neighbours of J face north. N is not an immediate neighbour of H. The persons standing at the extreme ends face the same direction (both are facing either North or South). The immediate neighbours of H face just opposite direction as that of M. The immediate neighbours of O face opposite direction with respect to each other. K is one of the immediate neighbour of L and is facing north. I is standing exactly between J and M. Not more than four persons are facing north. L is immediate right of K.

Q1. Who among the following is third to the left of N?
(a) K
(b) J
(c) H
(d) I
(e) O

Q2. The immediate neighbours of L are:
(a) M and N
(b) N and O
(c) K and N
(d) N and H
(e) J and H

Q3. How many persons are standing exactly between I and O?
(a) Three
(b) Four
(c) One
(d) Two
(e) None

Q4. Four of the following five are alike in a certain way based on the above arrangement and hence form a group. Which of the following does not belong to that group?

(a) N

(b) L

(c) O

(d) J

(e) K

Q5. Who among the following is exactly between L and J?

(a) N

(b) O

(c) H

(d) I

(e) None

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-1/

SET-2

Directions : 7 friends A, B, C, D, E, F & G have seminar of different days of a week starting from Monday. No two friends have seminaron same day. Three people have seminar between C & B's seminar. E has seminar immediately before F's seminar. Only 1 person has seminar between E & G. Atleast 2 people have seminar between A & D. Neither B nor C has seminar immediately before or immediately after A.

Q1. Who has seminar on Tuesday?

(a) A

(B) G

(c) C

(d) B

(e) Cannot determine

Q2. How many people have seminar between F & B's seminar ?

(a) None

(b) 1

(c) 2

(d) 3
(e) Cannot be determine
Q3. Which of the following statement is definetely true ?
(a) C's seminar is immediately after G's seminar
(b) D's seminar is after C's seminar
(c) E's seminar is after C's seminar
(d) Either (a) and (b)
(e) None of these
Q4. F has seminar on __
(a) Tuesday
(b) Monday
(c) Wednesday
(d) Friday
(e) None of these
Q5. Who has a seminar immediately after A?
(a) G
(b) C
(c) B
(d) E
(e) Either C or B

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-2/

SET-3

Directions (1-5): Study the following information and answer the given questions:
Eight persons viz. P, Q, R, S, T, U, V and W sitting around a circular table, but not necessarily in the same order. Four of them are facing the centre and four are facing outside. Each of them likes different brands of laptops i.e. Dell, Lenovo, HP, Apple, Toshiba, Sony, Acer and Fujitsu, but not necessarily in the same order.
Both the immediate neighbours of U and W face outside. The one who likes HP sits third to the right of the one who likes Lenovo. U

and W face the centre. R sits second to the left of Q, who likes Fujitsu. The one who likes HP sit adjacent to the one who likes Dell. V likes Toshiba. T faces outside. P likes dell and sits third to the left of T, who likes Sony. The one who likes Apple sits second to the left of W. V is an immediate neighbour of W. U is second to the left of V. Persons who like Toshiba and Acer sits opposite to each other. Q is second to the left of P.

Q1.In which of the following pairs of people, are the people not sitting immediately next to each other?
(a) QS
(b) PV
(c) ST
(d) TR
(e) None of these

Q2.Who likes Acer?
(a)R
(b) V
(c) Either V or S
(d) S
(e) None of these

Q3.Who amongst the following is sitting exactly between T and S?
(a) V
(b) R
(c) U
(d) W
(e) None of these

Q4.Who amongst the following is sitting second to left of T?
(a) V
(b) Q
(c) U
(d) W
(e) None of these

Q5.Four of the following five are alike in a certain way and hence they form a group. Which one of the following does not belong to that group?
(a)Sony
(b) Fujitsu
(c) Dell
(d) Apple
(e) None of these

Ans - http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-3/

SET-4
Directions (1-5): Study the following information and answer the questions.

Seven friends, namely L, M, N, O, X, Q and R, like different animated movies, namely Toy Story, Moana, Frozen, Up, Lion King, Shrek and Bambi, but not necessarily in the same order. Each friend also has a presentation on topics of different subjects, namely Hindi, Math, Science, Computer, Chemistry, Physics and Sanskrit but not necessarily in the same order.

Q has a presentation on Hindi and likes neither Frozen nor Up. The one who likes Toy Story has a presentation on Math. L likes Moana and has a presentation neither on Computer nor on Chemistry. The one who likes Bambi has a presentation on Sanskrit. M has a presentation on Physics and does not like Up. The one who likes Up does not have a presentation on Chemistry. O likes Lion King. R does not have a presentation on Math and does not like Up. X does not like Up.

Q1. On which of the following subjects does X have a presentation?
(a) Chemistry

(b) Science

(c) Sanskrit

(d) Other than those given as options

(e) Computer

Q2. Four of the following five form a group as per the given arrangement. Which of the following does not belong to that group?

(a) R – Bambi

(b) Q – Shrek

(c) N – Up

(d) X – Moana

(e) M – Frozen

Q3. Which of the following combinations is definitely correct?

(a) L – Science

(b) R – Math

(c) N – Chemistry

(d) All the given combinations are definitely correct

(e) X – Computer

Q4. Which of the following combinations of movie and subject is definitely correct with respect to N?

(a) Up – Chemistry

(b) Other than those given as options

(c) Shrek – Computer

(d) Toy Story – Math

(e) Up – Computer

Q5. Four of the following five form a group as per the given arrangement. Which of the following does not belong to that group?

(a) Sanskrit – Bambi

(b) Science – Frozen

(c) Hindi – Shrek

(d) Chemistry – Lion King

(e) Computer – Up

Ans - http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-4/

SET-5
Directions (1-5): Study the information carefully and answer the questions given below.

Eight persons A, B, C, D, E, F, G, and H are sitting in a row for lunch and all of them are facing towards north direction but not necessary in the same order. No two successive persons are sitting together according to alphabetical order. For Example :A does not sit with B; similarly, B does not sit with C and so on.
They also like different dish Biryani, Dosa, Pav-bhaji, Jalebi, Korma, Samosa, Dhokla, and Kheer but not necessary in the same order. Either D or B sits at the extreme end of the row. A likes Kheer and sits second from the left end of the row. D sits third to left of one who likes Dhokla. B sits third to left of G, who likes Samosa. G does not sit the extreme end of the line. The one who likes Korma sits second to left of F. E does not sit any of the extreme end of the line. One of the immediate neighbors of B likes Jalebi. F does not like Jalebi. The one who likes Pav-bhaji sits second to right of one who likes Biryani.

Q1. Which of the following person is sitting third to the right of one who likes Jalebi?
(a) E
(b) G
(c) C
(d) B
(e) F
Q2. How many persons sit between D and E?
(a) One
(b) Two
(c) Three

(d) More than three
(e) None of these
Q3. D likes which of the following dish?
(a) Korma
(b) Pav-bhaji
(c) Biryani
(d) Jalebi
(e) None of these
Q4. Who among following sits immediate left of B?
(a) A
(b) The one who likes Pav-bhaji
(c) H
(d) The one who likes Samosa.
(e) F
Q5. Who among following likes Jalebi?
(a) D
(b) A
(c) F
(d) B
(e) H

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-5/

SET-6
Directions (1-5): Study the following information to answer the given questions:
A, B, C, D, E, F and G are sitting in a straight line facing towards north direction. Each one of them is living on a multistory building.
B sits fourth to the left of the person who is living on the 15th floor. Either B or the person living on the 15th floor sits at the extreme ends of the line. Only one person sits between B and G. G lives on the 3rd floor. The person living on the 9th floor sits third to right of D. D is not an immediate neighbor of G. Only one person lives between E and the person who lives on the 23rd floor. A and C are immediate

neighbors of each other. A does not live on the 15th floor. One who lives on the 19th floor sits third to right of the one who lives on the 7th floor. The one who lives on 21st floor sits second to left of one who lives on 7th floor.

Q1. Who amongst the following lives on the 21st floor?

(a) A

(b) B

(c) C

(d) D

(e) F

Q2. On which of the following floors does E live?

(a) 9th

(b) 23rd

(c) 19th

(d) 15th

(e) 7th

Q3.Who lives floor number 15th?

(a) E

(b) C

(c) D

(d) B

(e) A

Q4. Which of the following is true with respect to the given arrangement?

(a) The one who lives on the 19th floor is an immediate neighbor of D.

(b) F lives on the 9th floor.

(c) E sits second to the left of the person who lives on the 23rd floor.

(d) C and F are immediate neighbors of each other.

(e) The one who lives on the 21st floor sits at one of the extreme ends of the line.

Q5. Who among following sits second to left of one who lives on 23rd floor?

(a) C

(b) F
(c) G
(d) No one.
(e) D

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-6/

SET-7

Directions(1-5): Read the following information and answer the questions that follow:

Seven teachers A, B, C, D, E, F and G are teaching seven subjects History, Geography, Physics, Chemistry, Maths, Biology and English from Monday to Friday. Each teacher teaches a different subject and not more than two subjects are taught on any one of the days. Chemistry is taught by B on Tuesday. D teaches on Friday but neither Geography nor Physics. F teaches History but neither on Thursday nor on Friday. A teaches English on the day on which History is taught. C teaches Maths on Monday. Geography and Chemistry are taught on the same day. G teaches on Thursday.

Q1. English is taught on which day?
(a) Wednesday
(b) Monday
(c) Tuesday
(d) Data inadequate
(e) None of these

Q2. Which of the following subjects is taught by 'G'?
(a) Biology
(b) Geography
(c) Physics
(d) Chemistry
(e) None of these

Q3. Geography is taught on which day?
(a) Monday
(b) Tuesday

(c) Wednesday
(d) Thursday
(e) None of these

Q4. Which subject is taught on Friday?
(a) Physics
(b) History
(c) Geography
(d) Biology
(e) None of these

Q5. Which of the following pairs of persons teaches on Tuesday?
(a) B and D
(b) A and B
(c) B and F
(d) B and E
(e) None of these

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-7/

SET-8

Directions (1-5): Study the information carefully and answer the questions.

Eight friends A, B, C, D, E, F, G and H who are sitting around a circle at an equal distance between each other, but not necessarily in the same order. Five of them are facing outside (i.e.., in a direction opposite to the centre).
B sits third to left of H. H faces the centre. F sits second to the right of B. E sits second to the left of D. D is neither an immediate neighbor of B nor H. Both the immediate neighbors of C face outside. A is not an immediate of H. Immediate neighbors of A face opposite direction. A faces same direction as B (i.e.. if A faces the centre then B also faces the centre and vice- versa).

Q1. Who among the following sits opposite to H?
(a) A
(b) D
(c) F
(d) None of these
(e) E

Q2. Which of the following is true regarding D as per the given seating arrangements?
(a) H sits second to left of D.
(b) only two people sit between D and A.
(c) G sits to immediate right of D.
(d) B is one of the immediate neighbours of D.
(e) D faces the centre.

Q3. What is A's position with respect of E?
(a) Third to the left
(b) Third to the right
(c) Fourth to the right
(d) Second to the left
(e) Fifth to the left

Q4. Who is sitting to immediate right to G?
(a) H
(b) D
(c) B
(d) C
(e) A

Q5. Who amongst the following sits exactly between D and E ?
(a) A
(b) C
(c) F
(d) B
(e) None of these

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-8/

SET-9

Directions (1-5): Study the following information carefully and answer the question given below:

There are eight persons A, B, C, D, E, F, G and H who have to attend the marriage ceremony in the month of January, February, March and April but not necessarily in the same order. In each month, the marriage ceremony will be on the dates either 7th or 13th of the given month. Only one marriage will be scheduled on these given dates.

A will attend the marriage on 13th of any of the given month but not in January. Only one person will attend the marriage between the dates on which A and H will attend the marriage. Three persons will attend the marriage between the dates on which H and B attend the marriage. Two persons will attend the marriage between the dates on which B and G attend the marriage. One person will attend the marriage between the dates on which C and D attend the marriage. C will attend the marriage ceremony before D. E will not attend the marriage on 13th of any of the given month. There are as many as person will attend the marriage between C and A and as between the A and E.

Q1.Who among following will attend the marriage on 13th April?
(a) D
(b) F
(c) H
(d) G
(e) A

Q2. How many person/s will attend the marriage between A and E?
(a) One
(b) Two
(c) Three

(d) More than three

(e) None of these

Q3. Who among following will attend the marriage on 7th of February?

(a) A

(b) B

(c) C

(d) D

(e) E

Q4. If C is related to B and G is related to H, in the same way E is related to?

(a) B

(b) F

(c) C

(d) D

(e) A

Q5. G will attend the marriage on which of the following dates?

(a) 7th January

(b) 7th February

(c) 13th March

(d) 13th April

(e) None of these

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-9/

SET-10

Directions (1-5): Study the following information carefully and answer the questions given below:

Eight persons, viz A, B, C, D, E, F, G and H are sitting around a circular table facing towards the centre of the table but not necessarily in the same order. Each of them has a different age viz. 21, 32, 19, 25, 27, 33, 20 and 16 but not necessarily in the same order.

A, who is16 year old, sits third to the left of E. The one who is 20 year old sits on the immediate right of A. D, who is 32 year old, sits

second to the right of B. B does not sit adjacent to E. C, who is 19 year old, sits exactly in the middle of the one who is 27 year old and the one who is 20 year old. G is 21 year old and sits second to the left of H who is 33 year old.

Q1. Who sitting third to the right of D?
(a) C
(b) E
(c) G
(d) B
(e) None of these

Q2.Who is sitting exactly between G and H?
(a) The one who is 27 year old
(b) The one who is 32 year old
(c) The one who is 25 year old
(d) The one who is 21 year old
(e) None of these

Q3. Who is sitting opposite to F?
(a) B
(b) A
(c) C
(d) D
(e) None of these

Q4. Who is sitting third to the right of a person who is 20 year old?
(a) The one who is 27 year old
(b) The one who is 21 year old
(c) The one whois 19 year old
(d)The one who is 16 year old
(e) None of these

Q5 If G is related to H, and H is related to A, in the same way, F is related to?
(a) A
(b) B
(c) D

(d) E
(e) None of these

Ans - http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-10/

SET-11

Directions (1-5): Study the following information carefully and answer the question given below:

K, L, M, P, Q, R, S and T are sitting around a square table in such a way that four of them sit at four corner of the square while four sit in the middle of each of the four sides. The ones who sit at the four corners face outside while those who sit in the middle of the sides face the centre of the table.

P sits third to the right of S. S faces the centre. Q sits third to the left of M. M does not sit in the middle of the sides. Only one person sits between Q and R. R is not an immediate neighbour of M. T faces the centre. K is not an immediate neighbour of R.

Q1. What is position of M with respect to L?
(a) Third to the right
(b) M and L sit diagonally opposite to each other
(c) Second to the right
(d) Second to the left
(e) Fifth to the right

Q2. Who sits exactly between Q and R, when counted from right of Q?
(a) T
(b) P
(c) K
(d) M
(e) S and K

Q3. Which of the following pairs represents the persons seated in the middle of the sides and face each other?

(a) S, Q

(b) K, L

(c) M, P

(d) R, T

(e) T, Q

Q4. If K is made to face the opposite direction, who would sit to his immediate right?

(a) R

(b) Q

(c) P

(d) T

(e) S

Q5. Four of the following five are alike in a certain way and so form a group. Which is the one that does not belong to that group?

(a) L

(b) M

(c) K

(d) P

(e) R

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-11/

SET-12

Directions (1-5): Study the information and answer the given questions:

Eight persons S, T, U, V, W, X, Y, and Z lives on eight storey building with ground floor being numbered one and the next floor is number 2 and so on. They have their birth date on August, May, September, November, July, December, June, and October but not necessarily in same order.

S lives on even numbered floor above fourth floor. Two people lives between the floors on which S lives and the one who was born in July. Four people lives between the floors of U and X. U lives on even numbered floor above X. The person who was born in May lives on odd numbered floor above the one who born in July and below the floor upon which S lives. Number of people living between the one who born in July and S, is two more than the number of persons between the one who was born in May and U. T was not born in May. As many people live between the one who born in June and October same as between the one who born in May and person T. The person who was born in June lives on one of the floor above the one who born in October and lives on even number floor below 8th floor but not on 4th floor. Y lives on odd floor immediately above V. Four people lives between the one, who born in December and November. The person who born in December lives on one of the floors above the person who born in November. T lives immediately above Z. V was not born in August.The number of person who lives between U and the one born in October is less than 3.

Q1. S lives on which of the following floor?
(a) First
(b) Fifth
(c) Seventh
(d) Eight
(e) None of these

Q2. T borns in which of the following month?
(a) June
(b) July
(c) October
(d) November
(e) None of these

Q3.How many floor between Z and S?
(a) Three
(b) Four
(c) Two
(d) Five
(e) None of these

Q4.V borns in which of the following month?
(a) July
(b) October
(c) November
(d) September
(e) None of these

Q5. In some way S is related to W and Y is related to V, in the same way T is related to?
(a) Z
(b) Y
(c) V
(d) X
(e) None of these

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-12/

SET-13

Directions (1-5): Study the following information carefully and answer the questions given below:

Eight people S, R, N, L, M, T, O and P are sitting in a circle facing the centre. All eight belong to different professions — reporter, doctor, cricketer, teacher, accountant, shopkeeper, painter and supervisor. They are not necessarily seated in the mentioned order.

M is sitting third to the left of O. The doctor is to the immediate right of M and M is not a reporter. R is sitting fourth to the right of P. Neither R nor P is an immediate neighbour of M. T is a teacher and is sitting third to the right of the doctor. The shopkeeper is sitting second to the left of the teacher. The painter is sitting second to the left of M. S the cricketer is sitting exactly between T and P. The accountant is sitting second to the right of the cricketer. N is sitting third to the left of T.

Q1. Who amongst the following is a reporter?
(a) O
(b) L
(c) N
(d) R
(e) None of these

Q2. What is S's position with respect to R?
(a) Third to the right
(b) Second to the right
(c) Third to the left
(d) Second to the left
(e) Fourth to the right

Q3. How many people are sitting between P and N when counted in an anti-clockwise direction from N?
(a) One
(b) Two
(c) Three
(d) Four
(e) None

Q4. Four of the following five pairs are alike in a certain way based on their positions in the above arrangement and so form a group. Which of the following does not belong to the group?

(a) Teacher – Painter

(b) Supervisor – Shopkeeper

(c) Cricketer – Reporter

(d) Doctor – Accountant

(e) Shopkeeper – Doctor

Q5. Which one of the following statements is false according to the above mentioned arrangement?

(a) N is to the immediate right of the supervisor

(b) The shopkeeper is third to the left of the cricketer

(c) The doctor is sitting exactly between the supervisor and the accountant

(d) L is neither a teacher nor a supervisor

(e) There are only three people between S and N

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-13/

SET-14

Directions (1-5): Study the following information and answer the given questions:

Seven teachers I, J, K, L, M, N and O live on separate floors of a 7-floor building. Ground floor is numbered 1, first floor is numbered 2 and so on. Each of them is teaching different subjects, viz Hindi, English, Math, Science, Civics, History and Sanskrit but not necessarily in the same order. Only three teachers live above the floor on which I lives. Only one teacher lives between I and the one who teaches History. N lives immediately below the one who teaches English. The one who teaches English lives on an even-numbered floor. Only three teachers live between the teachers who teach History and Math. M lives immediately above K. M does not teach Math. Only two people live between J and the one who teaches Civics. The one who teaches Civics lives below the floor on which J lives. The one teaches Hindi does not live immediately above or

immediately below J. L does not live immediately above or immediately below I. O does not teach Science.

Q1. Which of the following is true with respect to O as per the given information?

(a) The one who lives immediately below O ,teaches English.

(b) O lives on floor no. 7

(c) O lives immediately below M.

(d) O lives on the lowermost floor.

(e) O teaches History.

Q2. Who among the following lives on floor no. 3?

(a) The one who teaches Science

(b) The one who teaches Civics

(c) K

(d) O

(e) M

Q3. Who lives on the floor immediately above M?

(a) I

(b) J

(c) L

(d) O

(e) N

Q4. L teaches which of the following subject?

(a) English

(b) History

(c) Math

(d) Civics

(e) Science

Q5. How many teachers live between the floors on which L and the one who teaches English live?

(a) None

(b) Two

(c) One

(d) More than three

(e) Three

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-14/

SET-15
Directions (1-5): Study the following information carefully and answer the questions given below:
P, Q, R, S, T, U and V are seven persons wearing a kurtas of different colours – pink, red, black, green, yellow, blue and violet – and pajamas of different colours – blue, red, pink, black, cream, yellow and indigo on Diwali festival. The employee, colour of the kurtas and colour of the pajamas above are not necessarily in the same order. None of the employee is wearing kurta and pajamas of same colour. Q is wearing red kurta and is not wearing cream or yellow pajamas. S is wearing green kurta and indigo pajamas. Colour of P's kurta and U' pajamas is same. Colour of T's kurta and R's pajamas is same. V is wearing blue kurta and T is wearing blue pajamas. U is not wearing any yellow dress. Red and blue is not the combination of kurta and pajamas of any of the persons.

Q1. What is the colour of P's pajamas?
(a) Pink
(b) Cream
(c) Blue
(d) Black
(e) Red

Q2.What is the colour of V's pajamas?
(a) Red
(b) Cream
(c) Pink
(d) Indigo
(e) None of these

Q3.Who wears violet kurta?
(a) R
(b) U
(c) R or U

(d) Data inadequate
(e) None of these
Q4. What is the colour of U's kurta?
(a) Blue
(b) Violet
(c) Green
(d) Data inadequate
(e) None of these
Q5.What is the colour of Q's pajamas?
(a) Red
(b) Pink
(c) Indigo
(d) Pink/Black
(e) Data Inadequate

Ans- http://eduskills.in/puzzle-of-sbi-po-prelims-2019-set-15/

SET-16

Directions (1-5): Read the following information carefully and answer the questions that follow.
Seven friends A, B, C, D, E, F and G are sitting around a circular table in whichs ome of them are facing towards the centre while some are facing opposite to the center of the table. Each one of them belongs to a different department viz. Finance, marketing, sales, HR, corporate finance, investment banking and operations but not necessarily in the same order.
C sits third to the right of G. G faces the centre. Only one person sits between C and the person working in the HR department. Immediate neighbours of C face outside. Only one person sits between F and D. Both F and D face the centre. D does not work in HR department. A works in the investment banking department. A faces the centre. Two people sit between the persons, who work in investment banking and marketing departments. The person, who

works in corporate finance sits to the immediate left of E. C faces the same direction as E. The person, who works for sales department sits to the immediate left of the person, who works for operations department.

Q1. For which of the following departments does B work?
(a) Finance
(b) Marketing
(c) HR
(d) Corporate Finance
(e) Operations

Q2. What is the position of B with respect to the person, who works for sales department?
(a) Immediate right
(b) Third to the left
(c) Second to the right
(d) Second to the left
(e) Fourth to the right

Q3. Who sits to the immediate right of E?
(a) The person who works for the marketing department.
(b) C
(c) B
(d) The persons who works for HR department.
(e) A

Q4. Who amongst the following sits exactly between C and the person who works for HR department?
(a) B
(b) The person who works for the marketing department.
(c) The person who works for operations department.
(d) D
(e) G

Q5. Who amongst the following sit between the persons, who work for marketing and investment banking departments, when counted for the left-hand side of the person working for the marketing department?

(a) F and G
(b) E and C
(c) C and B
(d) F and D
(e) B and D

SET-17

Directions (1-5): Study the following information carefully and answer the given questions.

Seven students P, Q, R, S, T, U and V studied in colleges A, B and C and are currently in different streams viz. Medicines, Fashion Designing, Engineering, Business, Acting, Teaching and Architecture (not necessarily in the same order). At least two and not more than three students had studied in the same college.

R is an architect and studied in college B. T is not a businessman. Only V amongst the seven students studied in college A along with T. U is an engineer and did not study in college B. Q is an actor and did not study in the same college as U. P did not study in college C. Those who studied in college A are neither Fashion Designers nor teachers. None of those who studied in college B is a teacher.

Q1. Who amongst the following have studied in college C?
(a) Q, P
(b) R, U
(c) Q, S, U
(d) P, S
(e) S, U

Q2. Which of the following groups represents the students of college B?
(a) R, T, G
(b) P, R, S
(c) P, Q, R

(d) S, Q, R

(e) None of these

Q3. What is the profession of P?

(a) Engineering

(b) Business

(c) Medicines

(d) Acting

(e) None of these

Q4. Which of the following combinations of person, college and profession is definitely correct?

(a) T – A – Fashion Designing

(b) U – A– Engineering

(c) P – B – Businessman

(d) S – C– Teaching

(e) None of these

Q5. Who amongst the following is a teacher?

(a) P

(b) S

(c) T

(d) V

(e) None of these

SET-18

Directions (1-5): Study the information carefully and answer the questions given below.

Eight candidate A, B, C, D, E, F, G, and H are sitting in a row facing towards north direction for the selection test in Career Power Institute but not necessary in the same order. No two successive candidates are sitting together according to alphabetical order. For Example: A does not sit with B; similarly, B does not sit with C and so on. They all have different subjects like GK, History, Hindi, Computer, Reasoning, Geography, English, and Math but not

necessary in the same order.

Either D or B sits at the extreme end of the row. A's subject is Math and sits second from the left end of the row. D sits third to left of one whose subject is English. B sits third to left of G whose subject is Geography. G does not sit any of the extreme end of the line. The one whose subject is Reasoning sits second to left of F. E does not sit any of the extreme end of the line. The one whose subject is Computer is immediate neighbor of B. F's subject is not Computer. The one whose subject is Hindi sits second to right of one whose subject is GK.

Q1. Which of the following candidate is sitting third to the right of one whose subject is Computer?
(a) E
(b) G
(c) C
(d) B
(e) F

Q2. How many candidate(s) sit between D and E?
(a) One
(b) Two
(c) Three
(d) More than three
(e) None of these

Q3. Which of the following is D's subject?
(a) Reasoning
(b) Hindi
(c) GK
(d) Computer
(e) None of these

Q4. Who among following sits immediate left of B?
(a) A
(b) The one whose subject is Hindi
(c) H

(d) The one whose subject is Geography.

(e) F

Q5. Whose subject is Computer?

(a) D

(b) A

(c) F

(d) B

(e) H

SET-19

Directions (1-5): Study the following information carefully and answer the questions given below:

There are eight persons A, B, C, D, E, F, G and H are sitting around a square table in such a way that four of them sit at four corners and are facing center, while those who sits in the middle of the side of the square are facing outside the centre. They all likes different color Blue, Black, Brown, Red, Yellow, Pink, Purple and Green but not necessarily in the same order.

D likes Blue color and sits third to the right of E, who doesn't like either pink or Red. H sits at the corner. The one who likes Red color sits opposite the one who likes Green color. B does not like Red color. B sits 3rd to the right of C who likes Black color. G likes Brown color and faces outside the centre. The one who likes Blue color sits immediate left of one who likes Brown color. The one who likes yellow color sits 2nd to the right of one who likes Purple color. H likes Red color and sits 2nd to the left of A.

Q1. Who among the following likes Pink color?

(a) A

(b) E

(c) F

(d) C

(e) D

Q2. B likes which of the following color?
(a) Red
(b) Green
(c) Yellow
(d) Red
(e) Pink

Q3. In the given question some follows a pattern find the one which is not following the pattern?
(a) A and D
(b) F and C
(c) E and G
(d) D and E
(e) H and B

Q4. If A is related to Blue, and in the same way F is related to Black then following the same pattern D is related to?
(a) Blue
(b) Green
(c) Pink
(d) Brown
(e) Red

Q5. Which of the following condition is/are is correct about B?
(a) B faces outside the centre
(b) B likes red color
(c) B sits third to the right of E
(d) All are correct
(e) B sits 2nd to the right of A

SET-20

Directions (1-5): Study the following information carefully and answer the questions below:

Seven friends J, K, L, A, B, C and D who got married to their female friends i.e. P, Q, R, S, T, V and W but not necessarily in the same order. They all married in a same week starting from Monday but on

different days and not necessarily in the same order. They all belong to different cities i.e. Lucknow, Delhi, Kanpur, Varanasi, Agra, Jaipur and Gurgaon but not necessarily in the same order.

L belongs to Lucknow. The one who belongs to Agra city married with V. A married with S but one of the day after Thursday. B get married on Wednesday and he belongs to Kanpur. D get married on Sunday but he does not marry Q or V. There are two day gap between the one who belongs to Lucknow and the one who belongs to Jaipur. K belongs to Delhi and he married with R on a day immediately after J who belongs to Varanasi. C belongs to Agra and get married on the day immediately after L but before the one who belongs to Jaipur. K belongs to Delhi and get married on the day immediately after the one who marry with P. The one who get married on Monday does not belongs to Jaipur or Lucknow. B does not marry with Q or W.

Q1. Who among the following belongs to Jaipur?
(a) A
(b) K
(c) L
(d) C
(e) D

Q2. Who among the following married with T?
(a) A
(b) B
(c) K
(d) C
(e) J

Q3. The one who belongs to Varanasi married with?
(a) R
(b) T
(c) P
(d) S
(e) V

Q4. The one who belong to Agra married on which day?
(a) Friday
(b) Monday
(c) Tuesday
(d) Thursday
(e) None of these

Q5. L get married on which day of the week?
(a) Monday
(b) Friday
(c) Saturday
(d) Thursday
(e) Wednesday

Directions (1-5): Study the following information carefully and answer the question given below-
Eight persons A, B, C, D, E, F, G and H will takes leave on different days of March and November but not necessarily in the same order. In each month, they will take a leave on dates 17th, 18th, 19th and 21st of the given month. Only one person will take a leave on these given dates.

A will take a leave on 19th of the any of the given month. No one take a leave before G. Two people will take a leave between A and H. One person will take a leave between H and C. More than two people will take a leave between H and B. Only one person will take a leave between B and F. D will take a leave before H but not in November month.

Q1. Who among following will take a leave on 19th March?
(a) G
(b) C
(c) F

(d) H
(e) None of these.

Q2. Who among following will take a leave immediately before F?
(a) G
(b) D
(c) A
(d) B
(e) E

Q3. How many persons will take a leave between B and E?
(a) Four
(b) Two
(c) Three
(d) More than Four
(e) None

Q4. F will take a leave on which of the following date?
(a) 17th November
(b) 18th November
(c) 18th March
(d) 17th March
(e) None of these

Q5. Who among following will take a leave immediately after B ?
(a) G
(b) D
(c) A
(d) No one.
(e) E

SET-22

Directions (1-5): Study the following information carefully and answer the questions below:

There are seven friends i.e. M, N, P, A, B, C and D. All of them are working in a multinational company. They all likes different colour viz. Blue, Green, Red, Black, Yellow, Brown and Pink but not necessarily in the same order. They all have differentyearly salary but no two persons have the same salary.

The one who got the highest salary likes blue. C likes the brown colour. D likes Pink colour and his salary is half times the salary of M. A Likes Red colour and his salary is half the salary of P, who does not like Blue colour. B likes Green colour and his salary is 1 lac less than the salary of P. The difference between the salary of N and D is 1 lac. N and P does not like Blue colour. P likes yellow colour. The difference between the salary of the one who likes Brown and the one who likes Black colour is 0.5 lac. C earns a yearly income of 1 lac. A's salary is 0.5 lac more than the salary of the one who likes Black colour. The one who likes green colour earns a yearly salary of 3 lac. C earns the lowest yearly salary.

Q1. Who among the following earns the highest salary?
(a) A
(b) P
(c) B
(d) M
(e) None of these

Q2. Who among the following earns 1.5 lac as his yearly salary?
(a) M
(b) N
(c) A
(d) D
(e) None of these

Q3. Who among the following earns the 2nd lowest salary?
(a) C

(b) N
(c) A
(d) M
(e) D

Q4. Who among the following earns 4 lac as his yearly salary?
(a) M
(b) N
(c) A
(d) B
(e) P

Q5. Who likes Black colour?
(a) M
(b) N
(c) A
(d) D
(e) B

SET-23

Directions (1-5): Study the following information carefully and answer the question given below-

M, N, O, P, W, X, Y and Z are eight people sitting around a circular table with some of them are facing towards the centre while some are facing opposite to centre.

M sits second to the left of Z. Two persons sit between M and O. Y sits third to the right of O. N sits second to the right of X. N does not sit adjacent to Y. Both the immediate neighbour of X faces the same direction as X(the same direction means if X faces towards the centre then both neighbour of x faces towards the centre and vice-versa). The immediate neighbour of O faces opposite direction (Opposite direction means if one neighbour of O faces towards the

centre then other faces opposite to centre and vice-versa). N and P face each other. W sits immediate right of P.

Q1. Which one of the following sits opposite to Z?
(a) P
(b) W
(c) Y
(d) X
(e) None of these.

Q2. Which one of the following sits immediate left of Z?
(a) Y
(b) M
(c) X
(d) N
(e) None of these

Q3. How many persons are there between Z and X, when counted from the left of Z?
(a) Four
(b) Two
(c) Three
(d) More than Four
(e) None

Q4. Who sits opposite to O?
(a) N
(b) M
(c) X
(d) Y
(e) None of these

Q5. What is the position of Y with respect to O?
(a) Fourth to the left
(b) Third to the right
(c) Second to the left
(d) Second to the right
(e) None of these

SET-24
Directions (1-5): Study the following Puzzle information carefully and answer the given questions.
There are eight family members, viz A, B, C, D, E, F, G and H are sitting around a circular table, facing the center but not necessarily in the same order. The following information is known about them. F, the wife of D, is sitting third to the right of C. A is the son of H. A is sitting second to the left of D. D is an immediate neighbour of neither F nor C. No male is an immediate neighbour of D. G sits second to the left of D's son. Only two persons sit between H and A's brother. Neither C nor D is the brother of A. D's son and the wife of D's son are immediate neighbours of each other. F is the mother of H and is an immediate neighbour of neither B nor G. G is the sister of E.

Q1. Who is brother of A?
(a) C
(b) G
(c) F
(d) E
(e) D

Q2. How many female members are there in the family?
(a) Two
(b) Three
(c) Four
(d) Five
(e) None of these

Q3. Who among following sits exactly between F and B, when counted left of F?
(a) E
(b) D
(c) G
(d) C
(e) None of these

Q4. Who among following is wife of B?
(a) C
(b) F
(c) G
(d) H
(e) None of these

Q5. Who among following sits third to right of D's son?
(a) E
(b) B
(c) H
(d) C
(e) A

SET-25

Directions (1-5): Study the following information carefully and answer the questions below:

There are seven players i.e. A, B, C, D, E, F and G who live in a seven storey building but not necessarily in same order lowermost floor of building is numbered 1, one above that is numbered 2 and so on till top most floor which is numbered 7. They all belongs to different team i.e. M, N, O, P, Q, R and S but not necessarily in the same order. They all play different games i.e. Cricket, Kho-Kho, Kabaddi, Hockey, Football and Rugby but not necessarily in the same Order. Cricket is played by two players.

E lives above the one who plays Rugby. F belongs to team Q and he lives on an even numbered floor below the floor of the one who belongs to team R. B plays Football. There are two players who plays cricket and both of them lives on an odd numbered floor. The player who plays Kho-Kho belongs to team S. G lives on an even numbered floor immediately above the one who plays Kabaddi. There are only three player's lives between the players who plays cricket. There are as many as floor above the one who plays Rugby as below him. E

plays Hockey and lives immediately below the one who plays cricket. D plays Kabaddi and lives on a floor below the floor of the one who play's Rugby. B belongs to team N. F does not play Cricket. A lives above C and belongs to team M. D belongs to team P. C does not belongs to team S. G does not play Rugby.

Q1. Who among the following plays Rugby?
(a) A
(b) F
(c) The one who belongs to team Q
(d) C
(e) Both (b) and (c)

Q2. Who among the following lives on 3rd floor?
(a) A
(b) B
(c) E
(d) C
(e) None of these

Q3. The one plays Hockey lives on which floor?
(a) 7th
(b) 4th
(c) 6th
(d) 2nd
(e) 3rd

Q4. The one who plays cricket belong to which team?
(a) Team P
(b) Team O
(c) Team Q
(d) Team R
(e) Team S

Q5. If A is related to Football in the same way F is related to Kho-Kho then following the same pattern C is related to?
(a) Kabaddi
(b) Cricket
(c) Rugby

(d) Football
(e) Hockey
